Report of the Superintendent of Schools

To the School Board and Citizens of
Rollinsford:

This is my second report to you as your Superintendent of Schools. The past year has been a good one for the Rollinsford Grade School. We have a competent staff headed by a very capable Principal, Mr. Lewis Hatfield. The turnover in personnel has not been heavy which in turn leads to fewer disruptions within the school.

Teacher turnover is not all bad, some turnover is good for a school. New ideas and ways of doing things are carried into the school with a new teacher. A heavy teacher turnover, on the other hand, is detrimental to a school, the result being no established practice and few teachers who really understand the community or background of individual children. In order that teacher turnover be kept within reason it is necessary to offer suitable salaries. A slight upward revision in the salary schedule this year will tend to keep the school somewhat competitive. We must maintain a good position in the "teacher market" or suffer the consequences of sub-standard teaching, poor teacher morale and inferior student achievement.

Transportation - the problem that existed in transportation a year ago has been solved through the addition of another vehicle, a sixty passenger school bus. Presently we are in a favored position, but with increasing enrollments coupled with new housing starts I cannot safely predict how long our position will continue as at present.

Enrollment - as reported elsewhere in the Principal's Report the number of pupils on opening day closely paralleled that on opening day one year ago. Today our enrollment has reached (224) two hundred and twenty-four pupils, a total of fourteen above that on the first day of school. The recent installation of a new pump and source of water coupled with the extension of water mains to the Silver Street area of the Town has materially raised the possibilities of new families moving into Rollinsford. The new families mean more students for the school. In addition to the above you must take into account the fact that the Town has many open areas which could be developed into housing projects.

The School Board is cognizant of the aforementioned facts; they have continued to follow developments closely in order to be prepared for any eventuality. It is possible a new addition to the school will be necessary in the near future.

School Budget - the overall budget has been reduced slightly for 1960-61, in fact, the tax assessment upon the Town will be about four thousand dollars less next year. The tuition item of the budget is the one area which is responsible for the favorable budget picture. This item has been reduced enough to hold the line relative to the 1960-61 school year. A surplus in the tuition account this year will produce a surplus which will reduce the tax assessment.

In spite of the apparent reduction costs continue to rise year after year. Personally, I do not see any real reduction in school costs for some years to come. A community such as Rollinsford cannot continue to shoulder higher costs without help. The property tax cannot furnish over ninety percent of all local tax

resources; other sources of revenue are needed if we are to do the job the way it should be done.

The following reports and statistics will further explain the major areas in our school.

In closing this section of the report I wish to thank the Teachers, Principal, and the School Board for their cooperation and help during this year.

Respectfully submitted

ROBERT L. BRUNELLE

To: The Superintendent of Schools
The Rollinsford School Board
The Citizens of the Town of Rollinsford, N.H.

I am happy to be able at this time of the year to present to you a report that covers partially some of the activities of the Rollinsford Grade School during the past year 1959-1960.

ENROLLMENT

The fall session of the Rollinsford Grade School opened this past year on Wednesday, September 9, 1959. The enrollment as of this date was two hundred and ten pupils. As is customary the pupil population of the school has increased through the fall months and the number of pupils in the school at the present time is two hundred twenty-four pupils.

While dealing with the facts that are presented by the Enrollment table it might be well that we take a brief look at the summary of facts that is presented in the Registration Statistics Table that is presented below:

In comparing the table of 1959-60 with the same information of the period of ten years ago, we find that in that previous period there was an enrollment of 133 pupils and that in the ten year interval there has been a total increase of ninety-one pupils, or an average yearly increase of 9.1 pupils.

The following is the enrollment table showing the enrollment for the entire school and the distribution of the pupils within the various grades of the school.

INSTRUCTION

The Rollinsford Grade School adheres to the Following Statements of Basic Beliefs:

1. Educational opportunity should be provided for all children and youth and for adults to the full extent of their abilities and aptitudes through a program which recognizes and provides for individual differences.
2. Teaching is a profession requiring special preparation in subject matter, teaching methods, and knowledge of how children grow and learn.
3. The curriculum of a school cannot remain the same; it must be responsive to changing local, state, and national needs.
4. Our Aims are to:
 1. Foster intellectual growth as a primary objective.
 2. Teach the basic skills thoroughly.
 3. Provide a balanced educational program in terms of the abilities and aptitudes of all learners.
 4. Develop the attitudes, habits and values, appreciations, and understandings essential for a well adjusted person and a contributing member of our society.
 5. Recognize and develop the special talents and meet the special needs of all pupils.
 6. Develop the ability to make rational judgments based on accurate and complete information.
 7. Contribute to Physical and Mental Health.

8. Help pupils grow morally and spiritually.
9. Contribute to the social and aesthetic development of pupils.
10. Help pupils develop increasing ability to exercise self-discipline as individuals and in groups.
11. Develop a respect for work and for skill in performance and the ability to carry tasks through to completion.
12. Stimulate an attitude for continued learning throughout life.

Our school presents a program of organized experiences for all children between the ages of 6 and 14. Common learnings in grades 1 - 6 include the elementary skills, knowledges, and the understanding of:

1. The Language Arts -- reading, literature, listening, oral and written language, handwriting and spelling.
2. Quantitative Subjects - arithmetic and elementary mathematics.
3. The Social Studies -- geography, history, citizenship, and the related fields.
4. Sciences -- elementary physical and biological sciences.
5. The Arts -- ART, Music, drama, and dance.
6. Physical well-being -- health, and physical education, and recreation.

Equally important is the elementary school's effort to help children develop healthy personalities. As subject matter is mastered, the elementary

school child learns to work and study, recognizing standards of skilled workmanship; to live safely; to contribute to his group; to cooperate with others; to assume his responsibilities; to accept leadership. Such traits as honesty, reliability, fair play, sensitivity to others, self-control are developed through day to day activities.

We have been most unfortunate this year in not having available to us the services of a music supervisor. The reason for this condition is simply that the Supervisor is not available. In past years we have had a portion of the time of the supervisors that have been attached to Somersworth. This year, however, the number of the classes that Somersworth has, has been so great that there is no time available for Salmon Falls. It is hoped that next year the situation will change and that the services of a supervisor will again be available to us.

By taking advantage of the Federal Aid to Education program in the fields of science and Mathematics, through the purchase of a Television set, we have been able to supplement our teaching in many of the grades with the excellent material that has been available from the local TV Educational station WENH-TV, at Durham, New Hampshire.

Television has not been confined solely to the fields of Science and Mathematics, but has been used with equal efficacy in the fields of English and French, and Social Studies.

Through the public-spiritedness of one of our Townspeople, Mrs. Charles A. MacIntyre, we have the services of an excellent teacher of penmanship. Mrs. MacIntyre has given us her services and teaches three classes in penmanship per week in Grades six, seven, and eight.

FACULTY

During the past year there have been several changes in the faculty. As has been mentioned in the previous section one change has come about in the field of Music. We have lost the services of Mr. Killian because of his full schedule of teaching in Somersworth. It is hoped that next year we will be able to have the services of a Music Supervisor.

Early last spring it became apparent that we were faced with a vacancy in the Science and Math. fields inasmuch as Mrs. Eleanor Milliken had presented her resignation.

After careful consideration, Mrs. Marjorie Perkins, the then first grade teacher was selected because of her excellent background and training in the requirements of these fields. Mrs. Perkins started the fall term and was forced to withdraw because of reasons of health. We were fortunate in being able to persuade Mrs. Milliken to resume her teaching of these subjects.

The first grade vacancy was filled by the hiring of Miss Patricia Reilly, of Dover, N. H. Miss Reilly is a graduate of the University of New Hampshire and holds a Bachelor of Arts degree. She is currently engaged in doing graduate work at the University with a master's degree as her goal.

Another vacancy in the faculty was occasioned by the resignation of Mrs. Greta Benoit of the third grade who left to assume a position with Berwick Academy, in South Berwick, Maine.

Her place was filled by Mrs. Nancy McHugh, of Durham, N. H. Mrs. McHugh came to us well recommended from her previous position. She has an excellent educational background, and holds a bachelor of Arts Degree. She has had two years of previous experience, and is doing an extremely capable job of instructing the pupils of the third grade.

SCHOOL LUNCH PROGRAM

The Lunch Program of the School is directed by the very capable Mrs. Barbara Wilson. Mrs. Wilson serves the school in the dual capacity of dietitian and cook. She is assisted in her cooking and serving by Mr. Willis Lane.

The school is extremely fortunate in having such a capable team of cooks. They prepare daily meals that are tasty, wholesome and have a great deal of eye-appeal.

A typical lunch for each day of the school year is as follows:

- (1) A hot dish, consisting of one of each of the following:
 - (a) Beef, Pork, Lamb, Chicken, Turkey, Fish
 - (b) Potato, Rice, Noodles, Macaroni, Spaghetti
 - (c) Vegetables, according to the season, both fresh and canned.
- (2) A sandwich of some variety
- (3) A dessert of some variety - cake, pie, cookies, ice cream, fruits, etc.
- (4) A bottle of Pasteurized milk.

ACKNOWLEDGMENTS

I would like to take this opportunity to extend the thanks and appreciation of the Faculty and the Student body to the Martel-Roberge Post American Legion of Salmon Falls for its continuing and unflagging interest and support of the School and its work.

A great many thanks and a large quantity of appreciation is due Mr. Fred Green. Mr. Green is constantly seeking, discovering, and donating materials to the school that have a tremendously important value for the benefit of the students of all the classes and for the school at large.

I wish to extend to Mr. Armand Letarte and his personnel our thanks for the many miles of free transportation that he has given the various classes of the school during the numbers of field trips to local areas that they have taken.

CONCLUSION:

In conclusion, let me offer the thanks and the appreciation of the staff and the Faculty of the Rollinsford Grade School, to the Superintendent, the Members of the Board of Education, and the Citizens of the Town of Rollinsford for their help and understanding in making this school the kind of cooperative venture that serves a community well.

At 8:10 P.M. the Moderator, Robert L. Forge, called the meeting to order for the purpose of disposing of the remainder of the Articles in the Warrant. He announced the results of the voting on the Town Officers as follows:

After some discussion, the motion was put to a vote. William Fleming, Edward Burke, Robert Whitehouse and Joseph Chabot acted as tellers. The motion was defeated 86 to 72.

ARTICLE 2 To see if the Town will vote to allow a discount of 2% on all taxes of the 1959 levy except poll taxes, paid within thirty days after presentation of warrant to Collector.

Joseph Chabot moved, seconded by Edward Burke, that Article 2 be accepted as read. Motion was put to a vote and carried.

ARTICLE 3 To see if the voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of the collection of taxes.

Motion was made by Joseph Chabot, seconded by Edward Burke, that Article 3 be accepted as read. Motion was put to a vote and carried.

ARTICLE 4 To see if the Town will vote to instruct the Selectmen to have the Town Books audited every year by State Tax Commission.

Basil Mitchell moved, seconded by Donald Rees, that Article 4 not be accepted until such time as the cost for such audits is determined. Leo Gagnon explained that the cost would be approximately one-half of this year's audit, and also stated that it had been recommended by the State Tax Commission.

Motion was made by Joseph Chabot, seconded by Edward Burke, that Article 4 be accepted as read. Motion was put to a vote and carried.

ARTICLE 5 To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

to a vote and it was defeated. The Non-Partisan Ballot System will, therefore, continue to be in effect for the coming year.

After discussion as to the location of the road, cost of construction, if any to the Town, motion was made by Honore Ouellette, seconded by Charles W. Jackson, that Article 7 be accepted as read, when it was brought out that the cost of construc-tion would be the responsibility of the B & M R.R.

ARTICLE 8 To see if the Town will vote to publish all delinquent Head and Poll Tax payers.

Discussion as to cost of publishing these names, the amounts involved was fol-lowed by a motion made by Blanche Valliere that Article 8 be accepted as read. Motion was put to a vote and carried.

Discussion brought out the fact that in the event of the resignation of a Town Officer, it would necessitate the audit of his books by the State Auditors, thereby

creating an added expense. Kenneth Bolduc then withdrew his motion.

Motion was made by Honore Ouellette, seconded by Edward J. Hudon, that the same two auditors remain in office for the coming year. Motion carried. Ruth P. Emerson and Armand E. Letarte will remain as auditors.

ARTICLE 14 To see if the Town will vote to accept the Budget as prepared and submitted by Budget Committee.

Kenneth Bolduc suggested that several items in the budget should be discussed before being voted upon. The first of these was the appropriation of \$8,200 for the purchase of a new tank truck for the Fire Department.

After much discussion, Basil Mitchell moved, seconded by Mr. Lavertue, that the tank truck be purchased, and that a committee of three men be chosen to work with Chief Sullivan in the selection and purchase of this new truck. Motion was put to vote and carried.
